

THE NEW A-CLASS SALOON.

Mercedes-Benz

CLASS FOR EVERY DAY.

The new A-Class Saloon combines elegant sportiness with the comfort of the luxury class.
Discover a dynamic everyday companion that is up to any challenge.

DYNAMIC FROM EVERY PERSPECTIVE.

The perspective from which most observers will perceive the new A-Class, not just in terms of statistics: from behind. With the new high-quality-design LED rear lamps for all models and the distinctive rear diffuser with integral chrome wing in the Progressive equipment line, the new A-Class is perfectly prepared for interested glances.

EXPRESSIVE FRONT-END DESIGN FOR MAXIMUM PRESENCE.

More than ever before, the exterior of the new A-Class epitomises emotion and sporty aspiration. It starts with the progressive front end, with its striking radiator grille with Mercedes-Benz pattern and flat, optional MULTIBEAM LED headlamps. And really gets going with accents such as the powerdomes on the downward-sloping bonnet.

RELAXATION BEGINS WHILE DRIVING.

Simply drive off and arrive relaxed. For the new A-Class pampers you as required with comfort highlights from the premium class. Enjoy the emotively appealing ambient lighting and the intensive listening experience with the optional Burmester® surround sound system on every journey.

The fingerprint sensor shown is currently not available.

COMFORT FOR EVERY DAY.

The high-quality and innovative interior welcomes you in a new design:
for the multifunction sports steering wheel with Touch Control
buttons and the luxury seats with new choices of upholstery as well as
the digital display and control elements.

The fingerprint sensor shown is currently not available.

Media display with 26 cm (10.25-inch) LCD colour display.

The second generation of the innovative MBUX Entertainment System makes the interior of the new A-Class even more digital. Experience the improved operating concept on the standard 26 cm (10.25-inch) media display to activate and manage individual settings.

KEYLESS GO with HANDS-FREE ACCESS.

Use the KEYLESS-GO Comfort Package, available on request, to open or lock your new A-Class by simply touching the door handle without having the key in your hand. And HANDS-FREE ACCESS opens the boot lid with a simply kicking movement below the bumper when you come back from shopping with your arms laden.

New 3-spoke multifunction steering wheel.

You can also look forward to a new steering wheel generation in the new-generation A-Class. The 3-spoke multifunction sports steering wheel in black leather includes seamlessly integrated Touch Control buttons and thus makes operation easy thanks to an intuitive control logic.

New light-alloy wheels in a progressive design.

Last but not least, the flush light-alloy wheels play a key role in the self-assured appearance of the A-Class. This is precisely why there are now further wheel designs of 45.7cm (18 inches) in dimension, which underscore the sporty character. But it doesn't stop there: as an option you can have light-alloy wheels up to a dimension of 48.3 cm (19 inches).

Progressive.

Details such as the fine Mercedes stars on the radiator grille characterise the exterior of your A-Class. The luxury seats of the Seat Comfort Package ensure relaxed travelling. Numerous assistance systems also support you as you drive.

With the Progressive equipment line you can add highlights on and in your A-Class in a targeted way. The visible tailpipe trims underscore the dynamic ambitions of the Saloon. Trim elements in a dark carbon-fibre look add flourishes in the interior too. A choice of seat covers in various colours and materials is also available.

Technical data.

	A 180 Progressive
Number/Cylinder arrangement	4/In-Line
