

THE NEW GLC COUPÉ

Mercedes-Benz

PACKED WITH PASSION.

The new GLC Coupé combines power and design in a single, comfortable vehicle concept.

The width of the radiator grille and its optional running boards leave no room for doubt about its dynamic nature. With innovative assistance systems¹, plus DIGITAL LIGHT as standard, it cuts a fine figure everywhere.

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as a driver. Please take note of the information in the Owner's Manual and the system limits which are described therein.

FEELS LIMITLESS. THOUGHT-THROUGH DOWN TO THE SMALLEST DETAIL.

A generous promise of driving enjoyment, which the unique form of the new GLC Coupé, with its load capacity and stowage options, makes suitable for everyday use. A highlight: the restyled two-piece bicolour rear lamps. These have a three-dimensional interior, and are also available with a light animation option.

INSIDE THE CAR, ALL THE ATTENTION IS ON YOU.

Everything in the new GLC Coupé is geared towards you. The central display of the digital cockpit with touchscreen is inclined towards the driver and is the digital interface between you and the vehicle, through which you control many important functions of the vehicle – intuitively and comfortably. The AMG sports steering wheel (standard in the AMG Line interior) not only sits well in your hands, but is also a feast for your eyes. Just like the instrument panel, it features a high-quality finish.

INTELLIGENT HYBRID TECHNOLOGIES TAKE YOU EVEN FURTHER INTO THE FUTURE.

Economical combustion engines, combined with an efficient electric drive, ensure lower emissions. Zero-emission zones or city areas are detected by the system, so you drive with zero local CO₂ emissions through the city centre and yet have no need to compromise on comfort even on long journeys.

CHARGING & RANGE.

As a plug-in hybrid, the new GLC Coupé offer syou convenient charging from a Wallbox:
thanks to increased electrical output and improved efficiency, the range has been
increased to more than 100 km (WLTP).

A detailed view of the front interior of a Mercedes-Benz GLC Coupé. The image shows the driver's side with a light-colored perforated leather seat, a black steering wheel, a digital instrument cluster, and a large central infotainment screen. The dashboard and center console are dark with silver accents and orange ambient lighting. The text "FEEL-GOOD ATMOSPHERE INCLUDED." is overlaid on the left side of the image.

FEEL-GOOD ATMOSPHERE INCLUDED.

The new GLC Coupé is equipped with the Seat Comfort Package. Electric operation makes the various seat functions easy to control. Integrated head restraints help you to relax. The ambient lighting ensures a special feel-good atmosphere, both by day and at night.

In the fast lane digitally, too.

The new MBUX multimedia system now networks your driving experience even better: you can control many important functions of the vehicle intuitively and comfortably. Individual user profiles¹ make your favoured radio stations, playlists or navigation routes immediately accessible.

¹The components marked with “1” are Mercedes me services. A personal Mercedes me ID and agreement to the Terms of Use for the Mercedes me connect services are required to use these services. In addition, the vehicle must be paired with the corresponding user account. Upon expiry of the initial one-year term, the services can be renewed for a fee, provided they are still offered for the corresponding vehicle at that point. Initial activation of the services is possible within 1 year of initial registration or operation by the customer, whichever comes first.

Always by your side: the driving assistance systems.

The latest generation of Intelligent Drive assistance systems¹ stands ready for use in the new GLC Coupé. With partially automated driving the driver is relieved, supported and protected. The optional PRE-SAFE® Impulse Side offers additional protection in side collisions. The transparent bonnet can show a virtual view of the area directly in front of your Mercedes during off-road journeys, calculated from camera images. This means that you can manoeuvre with confidence and assurance, and safely avoid obstacles – even in rough terrain.

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as a driver. Please take note of the information in the Owner's Manual and the system limits which are described therein.

DIGITAL LIGHT makes everything clear.

Lighting adapted to the driving situation, for relaxed and safe driving: DIGITAL LIGHT¹ constantly adapts the illumination of the road ahead for you to the lighting conditions, traffic situation, the course of the road and the weather. The HD system works like a projector and calculates the lighting accurately down to the last pixel.

¹ Optionally selectable equipment.

A new definition of freedom.

The optional panoramic sliding sunroof¹ of the new GLC Coupé has been enlarged thanks to lateral guidance for the sunblind. This enables you to enjoy an even better outlook from an interior that is bathed in light.

Clear information in advance.

With the head-up display¹ you have important information such as speed, speed limit, warning messages and navigation instructions in direct line of sight, so you need never take your eyes off the road. The head-up display can be ergonomically adjusted and the individual setting can be saved in the user profile.

¹ Optionally selectable equipment.

Brilliant sound.

The exclusive Burmester® 3D surround sound system¹ and 15 high-quality speakers with a total output of 710 watts ensure you get to enjoy impressive all-round sound. This can be set freely and precisely for the front and rear seats. The high-quality finish also makes the sound system a visual pleasure.

Exclusive AVANTGARDE standard equipment.

The new GLC Coupé comes with AVANTGARDE: on the exterior that means LED headlamps and a chrome-trimmed radiator grille. In the interior, high quality materials were used. Five colours are available for selection in a nappa look and with seams that give the impression of being hand-stitched.

Maximally sporty with AMG.

The expressive styling that is all part of the AMG Line¹ lends the GLC Coupé a sporty, exclusive touch: with sporty surfaces on the beltlines, flared wheel arch linings in the vehicle colour and a three-spoke steering wheel, which has a diameter of just 370 mm.

Night Package¹.

With this equipment package, many of the details of the new GLC Coupé are finished in high-gloss black: the louvre in the radiator grille with Mercedes-Benz pattern, the AMG light-alloy wheels, the AMG front apron and the outside mirror housing. The roof railing in matt black represents the crowning glory.

¹ Optionally selectable equipment depending on configuration.

¹ Optionally available in conjunction with the AMG Line.

GLC 300 e 4MATIC.

The new GLC Coupé with plug-in hybrid technology combines the high range of the combustion engine with the dynamic efficiency of an electric motor. With even more electric output, improved efficiency and shorter charging times, you can enjoy the sort of driving fun that points to the future.

Effortlessly superior and agile at the same time: The rear axle steering.

An electromechanical rear axle steering¹ system is offered as an option. At low and medium speeds it ensures a more agile driving style and more manoeuvrability by enabling a 90 cm smaller turning circle. At higher speeds it brings more stability.

Dynamism and comfort rolled into one with AIRMATIC.

The AIRMATIC air suspension¹ automatically ensures sporty vehicle dynamics or enhanced ride comfort, so you can drive your GLC Coupé in either a sportily intensive or a gently comfortable style.

¹ Optionally available with the Engineering Package.

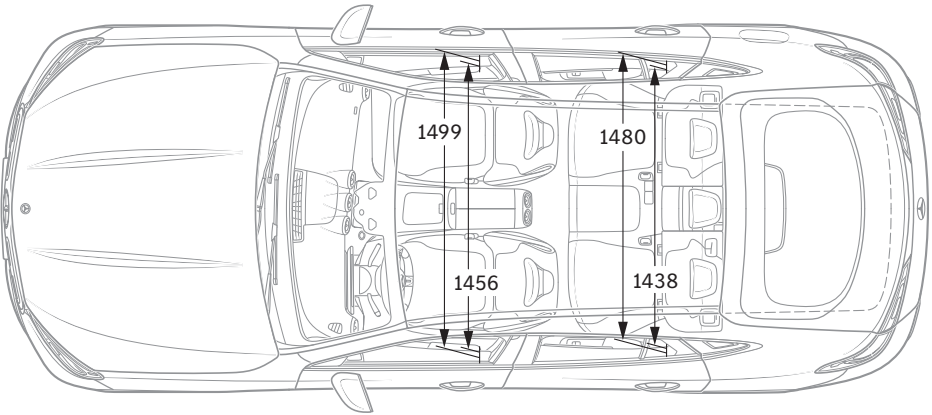

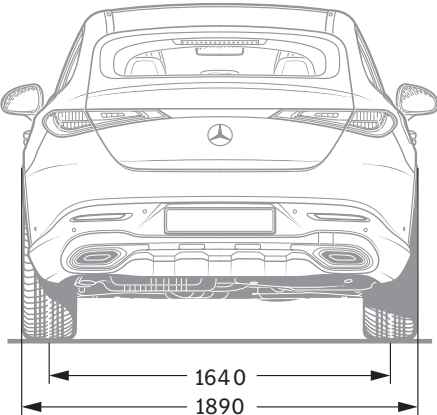

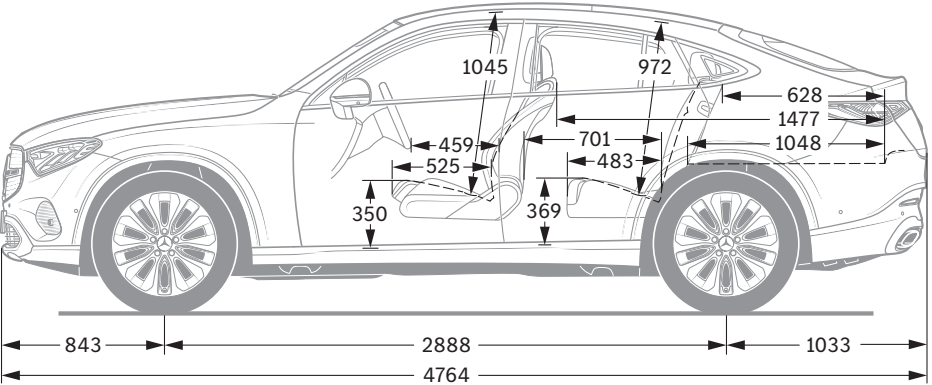

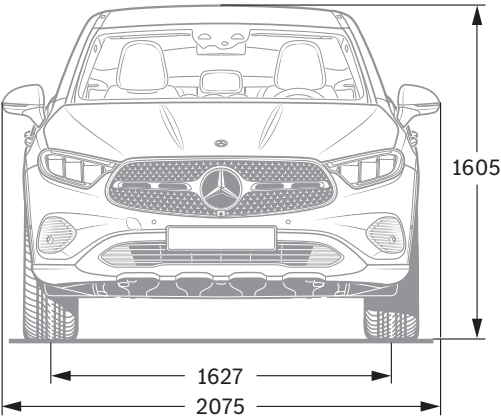

Technical data.

	GLC 300 4MATIC Coupé
Displacement (cc)	1,999
Rated output (kW[hp] / rpm)	190 [258] / 5,800
Rated torque (Nm / rpm)	400 / 2,000 - 3,200
Electric motor output (kW[hp])	17[23]
Electric motor torque (Nm)	200
Acceleration 0 - 100 km/h (sec)	6.3
Top speed (km/h)	240
Fuel tank capacity / Reserve (l)	62 / 7
Fuel consumption (l/100km)	7.8
VES band	C1

The best for the engine:
Mercedes-Benz genuine engine oils.

The availability of the communication module (LTE) is temporarily limited for certain vehicles due to supply bottlenecks. Please note that especially Mercedes me connect services including the emergency call system (eCall) are not available in the affected vehicles upon delivery. For further enquiry, please contact your Mercedes-Benz Sales Representative or Cycle & Carriage Customer Assistance Centre at 6471 9111. 1 Rated output and torque figures in accordance with Directive 80/1269/EEC in the currently applicable version. 2 Fuel consumption figures are derived from combined tests & tested by local regulations in accordance with UN ECE R101. Under real-life driving conditions deviations may occur in comparison to the certified standard values. The actual values are influenced by a number of individual factors, such as personal driving style, environmental and route conditions. Further technical data may be found on www.mercedes-benz.com.sg.

Dimensions.

All figures in millimetres. The dimensions shown are mean values. They are valid for vehicles with standard equipment and in unladen condition.

SPORT — F O R — GOOD

For 20 years now it has been our belief that sport has the power to connect people and motivate them in a unique way. We have facilitated urgently needed access to our support programmes for millions of children and young people, so helping them to achieve positive change in their lives. The programmes that we support together with Laureus Sport for Good are in line with the United Nations' Sustainable Development Goals and are part of an exciting major global movement to effect positive change in the world. **In buying a Mercedes-Benz you are supporting the “Laureus Sport for Good” movement.**
