

THE NEW GLA.

Mercedes-Benz

## DYNAMIC ALL THE WAY.

Now more than ever, the new GLA combines innovative dynamic elegance with the typical off-road character of an SUV. Its terrain is the city, but the characteristic off-road design elements indicate that trips to the countryside also promise a huge amount of freedom and driving pleasure. Always surrounded by a state-of-the-art interior and classy materials. Off we go!

## CONFIDENT AND DYNAMIC APPEARANCE.

The new Mercedes-Benz GLA stands before you looking compact and powerful, combining sporty elegance with an SUV feel. The view from the side and rear is shaped by the muscular shoulder of the body and the dynamic line of the side windows. And with the longitudinally adjustable second seat row<sup>1</sup>, the space concept offers exceptional practical value.

## EXCITING AND EXPRESSIVE FROM EVERY PERSPECTIVE.

The new GLA impresses with a dynamically optimised design at the front and rear. A striking impression is also left by features such as the optional panoramic sliding sunroof<sup>1</sup>, large light-alloy wheels<sup>1</sup> and the new paint colour spectral blue<sup>1</sup>. And as soon as the doors open, the state-of-the-art interior takes command in terms of expressiveness.

# MBUX.

The second-generation MBUX operating concept is now even more capable of learning and also welcomes you personally. With Touch Control buttons on the steering wheel and by using your voice, touch or gestures you can control the content on the 26 cm (10.25-inch) media display conveniently and intuitively.

## THE FOCUS IS ALWAYS ON THE CONVENIENCE OF OPERATION FOR YOU.

The new multifunction steering wheel with integrated Touch Control panels not only looks good, but also helps keep everything conveniently under control. The new design of the centre console and the practical multimedia connection unit with illuminated USB interfaces are sure to be seen as welcome additions to the high-quality interior.

## Driving assistance systems.

The Active Brake Assist<sup>1</sup> have been optimised with new sensors and cameras, come as standard and relieve the burden on you in everyday life. Further support is also offered by improved systems such as Blind Spot Assist<sup>1, 2</sup> and Parking Assist<sup>1, 2</sup>.

<sup>1</sup>Our driver assistance and safety systems are aids and do not relieve you of your responsibility as a driver. Please take note of the information in the Owner's Manual and the system limits which are described therein.

## Digital Extras.

With the Digital Extras and the corresponding Mercedes me Apps you experience added convenience, safety, driving enjoyment and digital support, because they provide you with important information and practical functions for your Mercedes, both in the vehicle and on your smartphone.<sup>1</sup>

<sup>1</sup>To use the Mercedes me connect services, you must create a Mercedes me ID and agree to the Terms of Use for the Mercedes me connect services. The services shown, along with their respective availability and functionality, are dependent in particular on the vehicle model, year of build, optional equipment chosen and country.

## MBUX Augmented Reality Navigation (Optional).

With MBUX Augmented Reality Navigation, you stay on the right track at all times, even in complex traffic situations. The system, available as part of our Premium Package, displays high-resolution graphical navigation and traffic information in live images and can help get you to your destination as safely and stress-free as possible.

## New centre console.

The retractable cover for the stowage compartment in the centre console offers elegant protection from prying eyes in a high-quality material. This looks good, while the interior appears even neater and everything important is kept to hand. The practical stowage compartment can house typical everyday items such as smartphone, wallet or various keys.

## 48-volt system.

A second on-board electrical system has been established in the new GLA, in the form of the 48-volt system. The 48-volt battery increases the overall battery capacity. This means more electrical energy for innovative functions when stationary, such as climate control. More performance, more flexibility, more efficiency.

## Progressive.

With the Progressive equipment line<sup>1</sup> you can add highlights on and in your Mercedes in a targeted way. The visible tailpipe trims in chrome underscore the dynamic credentials of the SUV on the exterior. In the interior you have a larger selection of colours and materials to choose from for the seat covers.
