

The Mercedes-Benz

Car Range

Mercedes-Benz

The A-Class

Combining superior sportiness and luxury-class comfort, the A-Class Hatchback sets a new benchmark for modern luxury in the compact class. The upgraded exterior design is set to impress with a new progressive forward-sloping bonnet, and the Mercedes-Benz star pattern in the radiator grille in the PROGRESSIVE design line. Under the bonnet, the belt-driven starter alternator with the 48 V on-board system takes efficiency to a new level – steadily cruise between accelerations and restart your engine faster at traffic lights. The interior boasts modern, progressive and user-friendly through a wide range of connectivity and safety innovations. Be it the further improved MBUX multimedia system or the comfort seats, the A-Class Hatchback is fully oriented towards you. Discover automotive luxury for your every day today.

The A-Class Saloon

The new A-Class Saloon is the perfect combination of class, quality and comfort. Created to inspire, the stunning silhouette boasts a new progressive forward-sloping bonnet with powerdomes. To make a statement, the striking star pattern radiator grille is also available in the PROGRESSIVE design line. Under the bonnet, the belt-driven starter alternator with the 48 V on-board system takes efficiency to a new level – steadily cruise between accelerations and restart your engine faster at traffic lights. On the inside, the latest generation MBUX multimedia system allows you to enjoy intuitive control via the MBUX voice assistant and standard 10.25-inch media display. And together with new touch control panels on the steering wheel, your everyday drive is set to be elevated. Discover automotive luxury made for the every day, today.

The B-Class

The new B-Class stands out from the crowd with its perfect blend of sporty dynamics, pleasant comfort, spaciousness and versatility. No matter the perspective, the B-Class convinces all round – with its iconic radiator grille trim with star pattern and the latest headlight design, which presents an even more dynamic appearance. Inside, be greeted by fully digital displays with a new screen design that provides intuitive access to the latest generation of MBUX multimedia system. And the new multifunction sports steering wheel in leather with improved operating logic is set to ensure the entire drive revolves around you. Your safety is also uncompromised with Active Parking Assist with PARKTRONIC and the Adaptive Highbeam Assist Plus. The perfect balance of high-tech and sportiness, the B-Class was made to do life with you. Hi, Life.

The CLA Coupé

The CLA Coupé is an icon of sporty luxury and innovation, and unmistakable from any angle – with its iconic forward-sloping radiator grille with a Mercedes-Benz pattern and central Mercedes star, frameless doors and dynamic LED High Performance headlamps. Inside, the cabin fuses style and craftsmanship to create a sporty ambience that allows you to fully express your style. Your safety is paramount, with features like Active Parking Assist and Adaptive Highbeam Assist Plus prioritising your well-being and simplifying parking. Equipped with both standard 7-speed and 8-speed dual-clutch transmissions that minimise the effort needed for gear shifts, along with a mild hybrid system featuring a belt-driven starter-alternator and a 48V on-board electrical system to enhance acceleration, your drive becomes significantly smoother and more efficient. The advanced MBUX multimedia system features intuitive controls like the MBUX Voice Assistant and a 10.25-inch touch-sensitive media display. The system includes the MBUX Interior Assistant, which responds to your natural gestures, granting you full freedom throughout your journey. Express your drive with the CLA Coupé.

The E-Class Saloon

A legacy of excellence continues. The E-Class advances as our most intelligent business limousine yet. Personalised assistance is redefined with MBUX Routines. Attuned with your habits, it proactively anticipates your needs. Amplifying in-car entertainment is the MBUX Superscreen, which includes a dedicated display for your front passenger. Invigorate your journeys with symphonic clarity delivered by the Burmester® 4D surround sound system with Dolby Atmos®. Smartwatch pairing makes wellness even more personal: based on your vitals, ENERGIZING COACH recommends the optimal comfort programme to keep you refreshed. The technology-led concept is evident in the interior design with a light strip illuminating the front instrument panel, windshield and doors. Active Parking Assist with PARKTRONIC® goes beyond detecting parking spaces – it also aids smooth entries and exits. In sync with you, flush-fitted door handles extend as you approach and retract when your car is locked or moving. Propelling its classic saloon silhouette into the future, the E-Class maintains a timelessly modern design, with LED headlamps leading the way. The E-Class. Evolves with you.

The E-Class Cabriolet

Intelligence has never looked this elegant. The E-Class Cabriolet combines puristic, sensuous design with unparalleled comfort. Boasting enhanced dynamism, its front end design is furnished with an 'A-shaped' diamond radiator grille, full-LED headlamps and new front bumper and the rear design conveys the same air of refinement with split tail lamps and a new boot lid. Its timeless sense of appeal extends to the interior; DYNAMIC BODY CONTROL and ENERGISING comfort control with ENERGISING COACH and seat kinetics exude undeniable luxury. Embrace pure freedom with the AIRCAP draught-stop system that lets you enjoy open-top driving with a push of a button while reducing draught and turbulence. Style meets substance with next-generation driving assistance systems, such as a new steering wheel design with capacitive hands-off detection, which equip each drive with cooperative support. Finally, experience next-level connectivity with Mercedes me connect, a suite of smart features that seamlessly integrates into your daily routine and the intuitive MBUX multimedia system that adapts to your driving behaviour. Experience elevated elegance and the luxury of freedom in the E-Class Cabriolet.

The C-Class Saloon

Envision a universe you can call your own in the C-Class. A vehicle that puts you first, it bestows intimate craftsmanship that begins with its star-studded front grille before progressing to its brilliant LED headlights radiating over 1.3 million pixels. With the latest-generation MBUX multimedia system comes AR navigation that lets you reach any destination the way you would want to – quickly, comfortably, and stress-free. And with the latest driving assistance features like Active Steering Assist with capacitive hands-off detection, Active Distance Assist and PRE-SAFE® Impulse Side, your safe haven is only at arm's reach. Reside in an aura of tranquility with the latest ENERGISING package and its seven curated wellness programmes, all designed to enliven your sense of wellbeing. All while ENERGISING COACH intelligently combines your wellness and journey data to deliver a truly stimulating ambiance. Be in full respite, or feel the full response of maximum agility with DYNAMIC BODY CONTROL that matches the ride to your driving profile. Inspired by your every need, the C-Class puts you in an epic oasis of comfort, connection and control.

The CLE Coupé

Sporty elegance that forges its own way forward. The CLE Coupé makes a powerful statement from all perspectives. A new forward-leaning "shark nose" front and newly-designed radiator grille lead with distinction. Strongly contoured power domes on the bonnet accentuate its athletic prowess. Within its two frameless doors, you will discover the space for four seats. Seven-zone massage and seat climate control are available with the optional ENERGIZING Plus package. A free-standing 12.3-inch digital instrument display, an 11.9-inch vertical centre display, and ambient lighting in 64 colours create eye-catching allure. Adding a personalised touch, the latest MBUX system enables third-party apps and MBUX Standardized Routines, providing tailored assistance based on the way you use your car. You can also create preset routines for maximum convenience. Harness a spirited driving performance – the four-cylinder engine combines with a 48-volt electrical system for up to 150 kW of output. An integrated starter generator adds up to 17 kW of power and 200 Nm of additional torque. Powerful dynamism, maximum comfort, and sophisticated technology in unison. The CLE Coupé. Shaped by desire.

The E-Class Coupé

Intelligence just got a sporty update. With its perfect proportions, the E-Class Coupé combines sleek design with sophisticated technology. This four-seater expresses more dynamism with athletic style elements, from its distinctive front end design with an 'A-shaped' diamond radiator grille, full-LED headlamps and new front bumper to its elevated muscular rear section with new bumper, split tail lamps and a new boot lid. On the interior, DYNAMIC BODY CONTROL and ENERGISING comfort control with ENERGISING COACH and seat kinetics deliver unrivalled comfort. Taking the E-Class Coupé to another level are next-generation driving assistance systems offering unparalleled support, including a new steering wheel design with capacitive hands-off detection, enhanced Active Parking Assist with PARKTRONIC and 360° camera are all part of. Round it all off with seamless connectivity found in Mercedes me connect, a suite of smart features which integrates into your day-to-day, and MBUX, the intuitive multimedia system that adapts to your driving behaviour. The embodiment of modern style and refined sportiness, the E-Class Coupé is not just one to behold, but one to experience.

The E-Class Estate

Intelligence has never felt more luxurious. The E-Class Estate redefines space with increased dynamism in its front end design, with remodelled elements such as the radiator grille with vertical bars and LED headlamps with a new contour, and the new bumper and two-section LED tail lamps on the rear. Boasting a 1820-litre load compartment, the cargo function for rear seat unit allows you to position the backrest 10 degrees more upright for another 30-litres of luggage space, or fold it down in a 40:20:40 split to unlock even more configurations between transport capacity and seats, opening up a world of possibilities and comfort. Advanced technology in the new steering wheel design with capacitive hands-off detection, enhanced Active Parking Assist with PARKTRONIC and 360° camera are all part of next-generation driving assistance systems pushing the envelope to keep you safe. Wrap it all up with seamless connectivity of Mercedes me connect, a suite of smart features that seamlessly integrates into your daily routine, and MBUX, the intuitive multimedia system that adapts to your driving behavior. With 3 equipment lines – AVANTGARDE, EXCLUSIVE and AMG Line – to suit your aesthetic preference, you have an exceptional balance of style and practicality.

The CLS

Stand out from the crowd with unique flair in the CLS. An iconic four-door coupé crafted with luxurious athleticism, it exceeds imagination with a strikingly sharp silhouette and sloping roofline. Its dynamism is further pronounced with a spectacular star-filled radiator grille on a chrome-gloss surface. The impeccable finishing and features do not stop there. Inside lies exceptional leather trim and walnut wood options, while the multi-function steering wheel with capacitive hands-off detection puts both pleasure and safety in the palm of your hands. Connectivity is made seamless with the MBUX intuitive voice and touch control – all housed on two 12.3 inch high resolution Widescreen Cockpit displays. Your well-being takes precedence with a suite of relaxing features including ambient lighting, massage functions and fragrance options – all activated at the touch of button with the ENERGISING comfort package. Stay close to sensuality, while staying safely away from dangers with the Driving Assistance package which delivers significant increase in protection on the road. Exquisitely poised from all angles, the CLS goes beyond its eye-catching appearance to exude exceptional performance, intelligence and safety in truly iconic style.

The S-Class

Prestigious design. Exquisite comfort features. And top-of-the-line safety features. The S-Class continues to illuminate the way forward in luxury engineering and innovation, especially with its revolutionary DIGITAL LIGHT headlamps. With over 2.6 million pixels in resolution, you will enjoy an extremely powerful, highly precise and adaptive light distribution no matter the road. Its perfect proportions hides an ultra-intelligent interior with 2nd-generation MBUX, MBUX Interior Assist gesture recognition and up to five convenient OLED touch displays. No command goes unanswered. Over 250 LEDs line its interior along with Burmester® high-end 4D surround sound system speakers to provide active ambient lighting and sound in the cabin. And when combined with seat massage functions from the front and rear ENERGISING Packages, you can expect suite-level comfort on every ride. Its engineering capabilities are no small feat either; debuting the world's first rear airbag; latest generation Driving Assistance Package; agile maneuverability with rear-axle steering. Available in the AMG Line, Night package and Exclusive package, the exceptional status of the S-Class is yours to configure. No compromises are made in functionality, aesthetics, or comfort. The S-Class truly cares for what matters. You and your drive.

The GLA

A dynamic combination of adventure and utility, the GLA is your perfect versatile everyday companion. On the outside, its iconic radiator grille exudes off-road charm, while the modern interior with its digital displays and controls boasts digital finesse. Adding to the versatility are flexible seating options, including a rear bench seat with adjustment options that allow increased load compartment or rear-seat legroom. Freedom of space is not forgotten with the rear seat row that can be folded in a 40/20/40 ratio, providing flexibility for cargo and an even more spacious boot. Putting your driving comfort first is the latest MBUX Multimedia System that offers intuitive operation with MBUX Voice Assistant and MBUX Interior Assistant that responds to your gestures, and MBUX Augmented Reality Navigation for easy navigation in complex traffic situations. Taking it further, Active Parking Assistant offers simplified parking, and the Adaptive Highbeam Assist Plus intelligently adjusts the lighting for your drive path. Truly proving its all-rounder characteristic where innovation meets comfort. The GLA. Dynamic all the way.

The GLB

The GLB opens a world of possibilities with every drive. The state-of-the-art compact SUV makes flexibility a firm part of your plans. A breathtakingly comfortable interior fits up to 7 people with adjustable seats. Load space of up to 1,800 litres inspires room to think big on any occasion. That is just the beginning: the latest generation of the MBUX multimedia system significantly enhances your convenience. Control it with gestures or your voice, or via the 10.25-inch media display and new touch panels on the steering wheel. Access your smartphone apps effortlessly - the new MBUX system enables wireless mobile integration through Apple CarPlay™ and Android Auto™. No matter which road you choose, you will discover a journey as enthralling as your destination. The advanced 48 V mild hybrid system delivers a powerful acceleration boost and improved fuel efficiency. At every moment, Active Parking Assist with PARKTRONIC, Active Brake Assist, and the Adaptive Highbeam Assist ensure that safety is a standard. And you will always travel in style – a striking radiator grille, robust wheel arch liners, and distinctive LED tail lights combine for unmistakable sportiness on any terrain. Power of possibilities.

The GLE

Where power meets elegance in perfect harmony, is where you'll find the GLE. This luxury SUV marries robust in-line 6 engine performance with responsive 48V mild hybrid technology for an unrivalled driving experience. Stepping inside the impressive cockpit, be greeted by the multifunction steering wheel adorned with touch-sensitive capacitive buttons for an intuitive drive. Advanced technology, including the latest generation of the MBUX multimedia system comes with a redefined user interface and makes the interior even more digital and intelligent. The optionally available Parking package with 360-degree camera enables parking and manoeuvring with a realistic all-round view, both on and off-road. Plus, with room for up to seven passengers, it guarantees a luxurious experience every time you take the wheel. You know your way. Now, let the GLE take you there.

The GLE Coupé

Experience a drive that is more powerful and athletic than ever with the GLE Coupé. Boasting the sportiness of a Coupé and the robustness of an SUV, you will enjoy an improved functionality with more cabin and boot space than before. Experience next-level connectivity in a truly personal drive with Mercedes me connect – a suite of intelligent features that integrate seamlessly with your daily routines. Plus, with MBUX intuitive controls and MBUX Interior Assist contactless gesture recognition facilitated by the Widescreen Cockpit, you will be able to enjoy superb control and support on the road. Own the roads confidently with the best in driving technology. E-ACTIVE BODY CONTROL suspension delivers superior handling in every situation, while ENERGISING packages continue to tune your car's settings to your mood for the ultimate enjoyable drive. Whether you are in the driver's seat or lounging in the back, you will always have a safe journey ahead with the latest generation of driving assistance systems. Make it even more so your own with design and equipment lines including AMG Line exterior and EXCLUSIVE interior, AMG Line interior and Night package. Wherever your destination in life, you can be sure that the GLE Coupé will take you there with all kinds of strength.

The GLC

Modern, sporty luxury in every detail. The GLC returns with all-round capabilities to set standards no matter where you choose to go. At first glance, a redesigned front end is among its most defining highlights. Headlamps connect directly to the radiator grille to emphasise the vehicle's width. A chrome-look simulated underguard and chrome details enhance its precise proportions, with contoured elegance that extends to the interior. Greater intuition is at your fingertips with the latest generation of MBUX and two displays – a central, portrait-sized 30.2 cm screen and a 31.2 cm screen in front of the driver. Use voice, touch, and gestures to control infotainment, comfort, and driving assistance. You will also enjoy the freedom of space with an increased luggage capacity of 620 litres and a split-folding rear seat backrest. The all-wheel drive SUV is available as a hybrid: either as a mild hybrid with 48-volt technology and an integrated starter-generator, or a plug-in hybrid with a range of up to 129 km (WLTP). New rear axle steering with a maximum angle of 4.5° reduces the turning radius, granting improved stability, agility, and safety on every journey. A dynamic drive that suits your every desire. The new GLC. Unmatched.

The GLC Coupé

Combining the sporty agility of a Coupé and the dynamic driving experience of an SUV, the GLC Coupé presents the perfect balance of style and power. On the inside, the world revolves around you – with strategically arranged controls and the latest MBUX multimedia system with an advanced operating and display concept. Plus, with the Premium package that offers comprehensive standard equipment such as DIGITAL LIGHT, KEYLESS-GO Comfort Package and Parking package with 360° camera, your driving experience is made even more effortless. Now offered as a Plug-In Hybrid option, the GLC Coupé is able to recover over 80% battery charge in just 20 minutes. Packed with Passion, the new GLC Coupé is packed with everything you are looking for, and more.

The GLS

Luxury sculpted for your pursuits. The new GLS is in perfect alignment with your discerning lifestyle. Up to 2,400 litres of variable load space and seats for up to 7 people make it highly adaptable. Expand your horizons with the touch of a button – the fully electrical second row of seats adjusts to make more room. Find first-class comfort in all three rows, enhanced by independent air suspension. Meticulous details are imbued in the grand design: the louvres of the air vents are finished in Silver Shadow; a hallmark previously reserved for the Mercedes-Maybach GLS. Infuse your journeys with sonic brilliance through the Burmester® 3D surround sound system with Dolby Atmos®. Engaging your car's features becomes second nature with touch controls embedded in the latest multifunction steering wheel, while "Hey, Mercedes" prompts your MBUX assistant into action. Technology keeps you safe: the transparent hood function in Off-Road Mode lets you manoeuvre smoothly via a virtual view of the front of the car. The GLS cuts a formidable figure with a striking radiator grille and four louvres in Silver Shadow. On the rear, the LED tail lights form a signet – an unmistakable mark of stature. The new GLS. Committed to greatness.

The G-Class

For generations, the G-Class has set the standard in adventure, comfort, and design. The time has come for a G-Class that is yours and yours alone. G manufaktur brings a higher degree of individualisation than any other Mercedes-Benz model. Over a million design and equipment options allow you to create a one-of-a-kind vehicle that fully matches your personality. Freedom begins with 27 available paint finishes, divided into the categories solid, metallic, magno, and magno exclusive. The optional Night package opens up further individualisation with G manufaktur Black Accents that can create dramatic contrasts or flowing transitions. 29 upholstery variants in exquisite nappa leather combine with load compartment floor, seat belt, and grab handle options for a unique interior. Regardless of its look, the G-Class stays true to its own unsurpassed legend. An effortless master of the off-road, it grants full control in the most demanding environments with impressive figures for ground clearance, fording depth, side slope angles, and more. Clearly defined lines strike a charismatic silhouette and a luxurious cockpit brings comfort to every adventure. The G-Class with G manufaktur. Welcome to the Icons of Unique.

The EQA

Rise above the status quo with the new all-electric EQA. Seamlessly blending innovation and luxury, it resonates with your dedication to individuality and progress. With the latest iteration of MBUX, staying connected to your myriad endeavours is effortless. Commanding vehicle functions is as intuitive as a simple gesture or spoken directive. Empowered by artificial intelligence, the MBUX is highly adaptive; it gears itself to your behaviour with every drive. Navigation taken to the next level: the MBUX augmented reality feature integrates real-time traffic information onto your display for smoother commutes. Pursue your ambitions unhindered with advanced battery optimisation – it delivers a range of up to 569 km (WLTP) on a single charge. The aerodynamically designed components of the EQA create an impressive drag coefficient of 0.27, further maximising its range. Confidently assert your presence on the road with the striking Black Panel grille featuring the iconic Mercedes-Benz pattern, while distinctive power domes on the front bonnet capture every glance. In the cabin, find a futuristic ambience bestowed by a backlit trim and a translucent, filigree-patterned surface. The new EQA. Switch on to stand out.

The EQB

Your realm for exploration is ever-expanding in the new all-electric EQB. Uncover vast possibilities with up to 1,620 litres of variable load space and seats for up to 7 people. Seamlessly transition into your next escapade with Easy Entry and Exit. By automatically adjusting your seats, it ensures that all your journeys begin and end in comfort and convenience. Advanced drive technology grants you a range of up to 569 km (WLTP) on a single charge, which is further optimised by its aerodynamic design. Embodied in every detail is its electro DNA, highlighted by the signature Black Panel grille and a continuous light strip at the front and rear. Flush-mounted wheels and stylised domes on the front bonnet reinforce its electrifying presence. Step in for a revolutionary in-car experience. The multifunction sport steering wheel keeps you in perpetual control – effortlessly manage the infotainment system and other car functions while on the go. The latest MBUX generation changes the game with artificial intelligence. Activate features through gestures or spoken words, while augmented reality enhances your navigation with real-time traffic information on your display. The new EQB. Power up your playground.

The EQS

The EQS is a visionary saloon at the dawn of a new era of automobiles. Innovative aesthetics converge with striking aerodynamics to form an unmistakable first on the frontiers of luxury mobility. Built from the ground up with distinctive purpose, the all-electric architecture opens up new possibilities for a new generation of environmentally friendly vehicles. Elegantly modelled surfaces and a flowing one-bow coupé line elevate the design, while lights in the shape of a curved 3D helix accentuate the rear. Within its doors, the EQS continues to redefine. Embracing freedom in technology, the state-of-the-art MBUX Hyperscreen spans the entire instrument panel with unprecedented interactivity at every turn. Alongside our suite of ambient lighting, massage functions, and fragrance options, ENERGISING AIR CONTROL Plus keeps air quality at its finest by eliminating 99.65% of incoming particles. And powering every moment, a new generation of batteries with significantly higher energy density takes you further with a maximum driving range of 762 km. The EQS is a cutting-edge symphony of beauty, innovation, and sustainability – one that puts you first.

The EQS SUV

This is for pioneers. Exquisitely designed for trailblazers, the EQS SUV is the first all-electric luxury SUV with space for up to 7 people. Immerse yourself in an avant-garde interior where ultra-comfort and smart connectivity redefine luxury. Electrically adjustable seats, expansive legroom, and a boot capacity of up to 2,100 litres combine to exude a sublime sense of space. Elevate the experience with the MBUX Hyperscreen for a spectacular command centre in the cockpit. Supported by “zero layer” interface, it intuitively adapts and brings everything you need to your fingertips. Taking in-car entertainment to the next level, the Dolby Atmos Sound System® provides an immersive audio experience that enhances space, clarity, and depth. On the road, the aerodynamically optimised design delivers a drag coefficient of just 0.26, even with its substantial load capacity. The EQS SUV embodies compact-like ease during manoeuvring with its rear axle steering of up to 10° for a stable, agile drive on any terrain. Efficiently electric, the EQS SUV goes to a range of up to 610 km (WLTP) on one full battery charge. A future of infinite possibilities is here. The all-electric EQS SUV. A true pioneer on the road.

The EQE

The all-electric EQE is as flamboyant as it is futuristic – a finely tuned balance of technical innovation and modern aesthetics. Built on the same premium-class architecture as the EQS, the EQE shares many of its extensive, world-beating aerodynamic measures. Experience an excellent drag coefficient borne of iconic one-bow lines, an elaborately harmonised underbelly, and optimised wheels and geometry. Within its strikingly athletic silhouette, your place of refuge awaits. Discover avant-garde interior design and relentlessly thoughtful digitalisation. Flowing leather surfaces with intricate seam dressings create a luxuriously modern appearance. The MBUX console adds elegant intuition to every journey: control it by touch or simply by saying “Hey Mercedes”. Escape to the oasis of your choice via three ENERGISING NATURE programs in impressively three-dimensional Burmester® sound. A suite of ENERGISING COMFORT features and an exclusively composed scent inspired by dark chocolate keep you at ease. All on a battery that keeps you going for up to 669 km (WLTP). Pamper your senses. Indulge your drive.

The EQE SUV

Standing at the frontier of innovation, the EQE SUV impresses with advanced technology and all-electric performance. Intelligent as it is brilliant, the MBUX Hyperscreen features an intuitive zero-layer interface that adapts to you. Let the system predict your actions, or use your voice, touch and gestures to command. Reach a new level of in-car entertainment with Dolby Atmos® powered by a Burmester® Sound System, and immerse in a studio-like sound experience with 15 speakers surrounding you. Cruise unfettered with a range of up to 565 km (WLTP) on a single charge. A rear axle steering of up to 10° allows you to park, turn, and drive with exceptional stability and agility. Your first impression of the cabin will be of craftsmanship, evident from its flowing leather surfaces and intricate seam dressings. In this five-seater, space is generous, with up to 520 litres of luggage capacity. Enjoy flexibility when you fold the rear seats down in your desired configuration. The EQE SUV's sporty proportions and energetic silhouette allow you to express your adventurous side, while its short overhangs and long wheelbase lend to a striking appearance. The EQE SUV. Making a mark on the world of all-electric performance.

The EQV

Make your move for the next generation with the EQV. Spacious luxury meets sustainable mobility in the first all-electric MPV by Mercedes-EQ. Step into a generous interior with room for up to seven passengers and large equipment. Suited for business and leisure, the flexible seating concept allows you to free up additional space for meetings or to maximise boot volume for family trips. Have a long journey ahead? Make yourself comfortable in highly ergonomic luxury seats with individually adjustable massage, seat climate control, and reclining functions, along with integrated stowage compartments. Four driving modes let you set the ideal level of comfort and energy efficiency. Regain electric energy during your drive with five recuperation levels, including an automated mode that adapts to real-time navigation data. From intelligent voice control to Smartphone Integration, the MBUX offers a customisable multimedia system for as many as eight people. A driving range of up to 426 km (NEDC) with zero local emissions makes it ideal for daily commutes and longer trips. When a power-up is needed, simply pull up at a DC fast-charging station for a convenient recharge. Drive into tomorrow with the EQV – a seamless trifecta of space, luxury, and eco-versatility.

MAYBACH

The Mercedes-Maybach GLS

A masterpiece that goes above and beyond. The new Mercedes-Maybach GLS is crafted for discerning connoisseurs like you. Supporting your grand pursuits is the latest MBUX system, responding to your commands with a touch or spoken word. Effortlessly access vehicle features on the multifunction steering wheel with thoughtfully arranged buttons, designed with your dynamic lifestyle in mind. In the spacious rear cabin, find a private oasis for work or relaxation; each seat is electrically adjustable and equipped with massage functions. Each journey testifies to its engineering prowess: a Maybach-exclusive drive programme delivers maximum comfort and power. It minimises rear-end movements and offers settings that prioritise superior performance, including smooth starts from standstill. Exuding gravitas on the road, it features a magnified radiator grille and Maybach-patterned air inlet grilles. Choose from new paint finishes, such as MANUFAKTUR opalite white bright and Maybach two-tone in high-tech silver and obsidian black. For a sight to behold, select the Night Series design package. Make a statement with exclusive dark shadow gloss finishes, rose gold details, and 23-inch wheels decorated with the Maybach pattern. Welcome to beyond.

The Mercedes-Maybach S-Class

With the union of two legendary brands comes the ultimate excellence in craftsmanship for a new era: The Mercedes-Maybach S-Class. The symphony of duality begins in sublime fashion from the exterior with its lustrous two-tone paint finish. And it remains astutely poised with unmistakable Maybach lettering that embellish the chrome radiator grille, side pillars, and rear. The attention to detail continues to inspire with tranquillity and innovation in the interior suite. From the calf massage amidst reclining executive rear seats, to the MBUX rear seat tablet and Burmester® high-end 4D surround sound system with 31 high-performance speakers, it truly sets the standard for a first-class ambiance. Subservient to every need, hand gestures and eye movements are recognised to assist with a myriad of automatic vehicle functions, delivering ease of control. The possibilities are both timeless and endless. Especially with the option of completely commissioning any and every detail of the vehicle based on individual taste and vision, to make your bespoke one of a kind masterpiece a reality. Sublime luxury, graceful flair and tailor-made quality: all testament to the proud status of the Mercedes-Maybach S-Class.

The Mercedes-AMG CLS 53 4MATIC+

Perfectly shaped desirability. Powered by unmistakable sportiness. The Mercedes-AMG CLS 53 4MATIC+ Coupé exudes the desire for performance from every perspective. A purist exterior dominates through a redesigned front end with a sporty AMG bumper and signature grille with vertical bars. On the road, the limits of performance are challenged through a powerful 320 kW (435 hp) output with sporty style and high efficiency. 48-volt electrification and the integral starter-alternator generate up to 16 kW of additional output. The extremely fast-shifting AMG SPEEDSHIFT TCT 9G transmission, fully variable AMG Performance 4MATIC+ all-wheel drive, and AMG RIDE CONTROL+ air suspension contribute to a dynamic driving experience. And there is always room for more. Two new packages hand you the reins to even greater sportiness. The AMG Night Package II includes the radiator grille, Mercedes star at the rear, and typography in darkened chrome. With the AMG DYNAMIC PLUS Package, red-painted brake calipers and the AMG Performance steering wheel imbue sporty elegance, while a "RACE" driving mode with Drift mode delivers racetrack-fit performance. Stand out and lead the way: the CLS 53 4MATIC+ is a distinctive coupé that is unapologetically you.

The Mercedes-AMG G 63

Unmatched performance. Unmistakable personality. The unimaginable becomes true in the Mercedes-AMG G 63 with G manufaktur individualisation. Over a million design and equipment options enable a higher degree of personalisation than any other Mercedes-AMG model; added to an AMG-specific radiator grille and chrome inserts at the front and rear bumpers that already distinguish the G 63. 28 exclusive paint finishes allow you to forge your own, one-of-a-kind chapter of this off-road legend. The AMG Night package accentuates its already dominant appearance with black highlights, dark-tinted turn indicators, and other thrillingly sporty features. The SUPERIOR Line interior transforms the cockpit of the G 63 into a luxurious lounge with your choice of high-quality steering wheel variants, classy trim elements, and exquisite seat covers in nappa leather. At its heart, the G 63 remains a breathtaking force of nature. A 4.0-litre V8 biturbo engine unleashes explosive power, reaching 100 km/h in 4.5 seconds. The firm suspension set-up, a responsive sports transmission, and sonorous sound of the four-pipe AMG Performance exhaust system make every journey an exhilarating experience. The G 63 with G manufaktur. Welcome to the Icons of Unique.

The Mercedes-AMG EQS 53 4MATIC+

Luxury, performance and sustainability coalesce in the Mercedes-AMG EQS 53 4MATIC+. Exuding an unmistakable AMG character, the sporty saloon flaunts a Black Panel radiator grille with vertical struts and dynamic tuning of the specific AMG Sound Experience. On the inside, performance-oriented refinement meets the progressive luxury of the series with AMG-specific display graphics in the fully digital cockpit. With the AMG RIDE CONTROL+ air suspension, enormous power becomes effortlessly manageable — switch from first-class everyday comfort to a sporty, hard damping drive at the touch of a button. To further enhance the driving experience, sports seats in high-quality nappa leather provide optimum lateral support. Combining performance and luxury in a thrilling, first-class driving experience, two electromotors supply irrepressible driving force. Making the Mercedes-AMG EQS 53 4MATIC+ a complete novel driving sensation: 100% electric — 100% AMG.

The Mercedes-AMG EQE 43 4MATIC and 53 4MATIC+

Welcome to a new generation that is well ahead of its time. The Mercedes-AMG EQE 43 4MATIC and 53 4MATIC+ drive sustainability into the fast lane. A dominant exterior is just the first hint of a unique symbiosis of power and dynamism. The technology has also been consistently enhanced and optimised for exhilarating all-electric performance and genuine AMG sportiness. Extensive measures include the AMG RIDE CONTROL+ adaptive air suspension and a notable increase in power. Behind the wheel, you must sacrifice just one thing: compromises. An ultra-lightweight battery offers maximum performance at any moment, even during repeated accelerations, while 460 kW of system output enables sprints from 0-100 km/h in just 3.5s. Exclusive to the AMG models, the "Sport+" drive program tightens steering and suspension even further, keeping you ready for particularly dynamic manoeuvres. The 141cm MBUX Hyperscreen spans the entire dashboard as an undeniable highlight of the interior. Its intelligent "zero layer" main view adapts to you, displaying the applications and information you need most in the situations where you use them. Harness an irrepressible driving force. The new EQE 43 4MATIC and EQE 53 4MATIC+. Electric found its power.

The Mercedes-AMG SL

The Star is reborn. The Mercedes-AMG SL marks the return of a celebrated legend in racing history. Expressive in character, the Roadster embodies freedom with elegantly sporty proportions and an automatic soft top that lets you bask in the sun as you devour the road. More spacious than its predecessor, the 2+2 seater makes room for adventures to come. Set off on an exhilarating drive with a handcrafted engine that defines performance luxury at its purest. Designed for fast curves and everyday challenges, the AMG SPEEDSHIFT MCT 9G ensures smooth gear changes while the electric exhaust gas turbocharger derived from Formula 1™ technology delivers an exceptional driving experience. From day to night, the revolutionary DIGITAL LIGHT sets the ideal lighting condition to keep you safe on the road. Make it truly yours with a suite of options to personalise the design, including 12 paint finishes. An icon for a new age, the Mercedes-AMG SL is a definitive statement in style, power, and comfort.

The Mercedes-AMG C 63 S E PERFORMANCE

F1™ hybrid technology puts extraordinary power in your grasp. The Mercedes-AMG C 63 S E PERFORMANCE is an ode to the electrification of performance. Harnessing cutting-edge motorsport innovation, it features a state-of-the-art electric exhaust gas turbocharger and an electric motor at the rear axle. This dynamic fusion almost immediately delivers an outstanding output of 500 kW and a torque of 1020 Nm. A top speed of 280 km/h reveals its race track DNA. AMG Performance 4MATIC+ ensures steady power when accelerating and rear axle steering bestows unparalleled agility. Its Drift Mode sets your heart racing while you command utter control. Rule the road from AMG sport seats with stature-defining upholstery and stitching. Integrated controls on the AMG Performance steering wheel allow you to activate the Boost mode for a burst of speed. The exterior captivates with an AMG front apron in jet-wing design, an AMG-specific radiator grille with vertical struts, and the iconic AMG emblem crowning the bonnet. On the rear, the plug-in charging flap and the model designation are distinguished against a red background. The Mercedes-AMG C 63 S E PERFORMANCE ignites your emotions. Here's to the heart.

The Mercedes-AMG EQE 53 4MATIC+ SUV

Amplify your instinct for adventures with electrifying AMG passion. The first all-electric and most powerful SUV in the AMG stable yet, the Mercedes-AMG EQE SUV sets new standards. Its performance genes are undeniable from your first encounter, as you cross terrains with dual electric motors packing up to 505 kW. An all-new traction battery with lithium-ion technology and 400-volt architecture lets you accelerate across the toughest landscapes. Expand your horizons - a single charge provides a range of up to 465 km (WLTP). Orchestrate the soundtrack to your adventures with the AMG Sound Experience. Exterior speakers, a bass actuator and a sound generator bring the hallmark AMG roar to electric drive. Geared for expeditions, every detail reveals its sporty heritage. In the cockpit, AMG emblems are emblazoned on the front seats while the AMG Performance steering wheel features a twin-spoke design and integrated controls. Discover the freedom of space with 520 litres of boot capacity. On the road, it demands attention with its iconic black panel radiator grille with chrome struts and integrated AMG lettering. Where electric meets audacity: the Mercedes-AMG EQE SUV. Electric found its wild side.
